Summary

Hello, I'm Naufal Ihza, also known as Jeje, an international college student with a passion for web and mobile software development. Thus far, I have specialized in creating front-end websites through freelancing projects and other experiences. Currently pursuing a double degree in Taiwan, I am eager to further enhance my expertise in web and mobile software development. Originally from Indonesia, I began my journey as a developer of this kind in 2022, and I am enthusiastic about contributing to even more innovative projects in the future.

Internship

Front End Developer Internship
04/2023 - 07/2023

PT. Gawe Gawe Solusi Teknologi

During my internship, I honed my skills in Redux.js, Tailwindcss, and Next.js while working on a business website and a Learning Management System. I also gained valuable experience dealing with real clients, enhancing my ability to deliver practical solutions to meet their needs.

Work Experience

Freelance as Web Developer
12/2023 - Present

Fastwork Website

I've discovered that freelancing could be my opportunity to showcase my website coding skills, honed through experience and internships. Although I've completed only one client project so far, I'm proud of the progress I've made and am ready to take the next step in improving myself.

Achievements

1st Place - Wordpress Website Competition
07/2023 - 08/2023

HIMTIFEST 2023

Within a month, my two friends and I developed a PHP-based WordPress website focused on Indonesian culture. We created an informational website about "Jamu," which is a traditional herbal remedy from Indonesia.

Languages

Experience

External Relations Division
03/2023 - 12/2023
Himpunan Departemen Teknik Informatika ITS

Accomplishments so far are effective collaboration, proficient communication, and adept handling of individuals and groups.

Web Development Team
11/2022 - 12/2023
INDOCOR ITS

In the web development division, I mastered HTML, CSS, and JavaScript as my core skills, and furthered my expertise with React.js, Next.js, Tailwind, and other frameworks. Additionally, I gained valuable experience in deploying websites, ensuring the delivery of functional and accessible web solutions.

Vice Chairman of Bootcamp And Seminar Technology Event
01/2023 - 11/2023
Schematics 2023

I manage the planning and preparation of two national events, seminars, and bootcamps, as part of our division. While the events are yet to take place, I have been actively involved in their design and organization, ensuring all necessary arrangements are in place for their successful execution.

Talent Management
10/2022 - 02/2023
Ini Lho ITS! 2023

Obtained soft skills: public speaking, time management. Proficient in handling campus influencers and student ambassadors. Experienced in organizing events (upgrading sessions, welcome parties) and preparing ambassador tasks.

Organizing Committee
07/2022 - 08/2022
Professional Orientation and Curriculum-Based Competency for Freshman

Staff of Seminar Tech Event Division
06/2022 - 10/2022
Schematics National Seminar of Technology 2022
